The Honorable Jon S. Corzine
Governor
State of New Jersey
PO Box 001
Trenton, New Jersey 08625

Dear Governor Corzine:

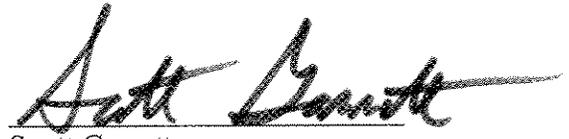

We are writing to restate our vehement opposition to your so called "Save Our State" plan to restructure New Jersey's \$32 billion debt.

It is our understanding your plan would raise tolls on public highways in our state by over 800 percent, unfairly target New Jersey commuters, divert toll revenues from funding critical transportation priorities in favor of other state programs, and create a public benefit corporation to manage billions in toll revenues which is not accountable to the public. We believe your proposal would endanger our state's tourist based economy, hinder job creation and further increase the cost of goods and services at a time when our economy is faltering and New Jersey residents are struggling to make ends meet. Finally, we are seriously concerned your proposal would increase congestion and undermine public safety on our local roads as trucks and other traffic divert off the highways to avoid increased tolls.

Rather than relying on the failed policies of higher taxes and increased bond financing, we encourage you to seek alternatives to your proposal which would focus on containing the explosion of state spending over the last eight years. Thank you for your consideration of our views.

Sincerely,

Frank A. LoBiondo
