# General Information

PLEASE NOTE: The information below **does not** apply to the U.S. Coast Guard Academy, which does not require a congressional nomination. Students may apply directly to the Coast Guard Academy.

1. Each Member of Congress handles nominations differently. This information is specific to Congressman Smith.
2. While parents, counselors, educators, and others may assist in the application process, it is the sole responsibility of each individual student to compete for a nomination and admission to a Service Academy. We encourage students to take charge of their process—and urge parents to let them.
3. Attending a U.S. Service Academy has two separate but parallel paths: students must receive an offer of admission from the Academy **AND** receive a nomination. In other words, students must apply to the Academies just as they would any other college or university. Simultaneously, they must seek a nomination from their Member of Congress, U.S. Senators, and/or the Vice President or President of the United States. It is also possible under some circumstances to receive a nomination from a JROTC program. **Students must complete both the nomination and admission processes.**
4. Congressman Smith strongly encourages each applicant to pursue a nomination from *as many nominating sources as possible (i.e., your U.S. Senators, JROTC, etc., as well as from Congressman Smith.)*
5. Congressman Smith does not control nor participate in the admission processes at the Academies.
6. Part of the Academy application process includes being deemed physically and medically able to attend. It is the applicant's responsibility to seek out the necessary medical and physical examinations.
7. To be considered for a nomination, each applicant **must return his or her completed application packet in person or via trackable shipping by 4 pm on Friday, October 16, 2026, to:**

Via FedEx, UPS, USPS and hand delivery:

Congressman Chris Smith  
1005 Hooper Avenue  
Toms River, NJ 08754
